# The National Guard Association of Massachusetts Corporate Sponsorship Program

Dear Prospective Sponsor,

## Membership Levels

The National Guard Association of Massachusetts (NGAMA) is proud to be the non-profit association that works for the betterment of National Guard Soldiers and Airmen within the community-based Massachusetts National Guard. Made up of over 1000 active and retired National Guard Officers state-wide, the Association's primary purposes are to define and prioritize equipment, benefits and future mission issues for the 4,500 men and women of the MA Army and Air National Guard, and deliver those priorities to the National Guard Association of the United States (NGAUS), our Governor and the 12 members of our congressional delegation. These missions have become ever more critical with the continued mobilization and deployment of more than 6,000 of our Soldiers and Airmen in support of the Global War on Terror.

Together as a team, we have been very instrumental over the last several years in securing additional, much needed resources with which to accomplish our missions more effectively, and provide for an increase in quality of life benefits for our members within the Guard. NGAMA Corporate Sponsors make it possible to educate our membership on current issues and legislation in Congress, provide for attendance at state and national conventions with national level leadership interface, attend professional development briefings and fact-finding interchanges in the State and Nation's Capitals, and develop and execute grassroots legislative efforts to ensure mission success. This year the association is focusing its efforts on developing and mentoring the junior officer corps – the future of the Guard in MA – through state outreach and education symposiums held four times throughout the year. Our Corporate Sponsor contributions will be crucial in developing and executing this program statewide.

The NGAMA Corporate Sponsorship Program is designed to simplify your contribution and ensure that your organization receives maximum visibility and acknowledgment throughout the entire calendar year at several noteworthy National Guard events. The enclosure provides a detailed description of program cost, entitlements and benefits for your review and favorable consideration. The point of contact for your questions is Mr. Augie Grace, NGAMA's Executive Director. He can be contacted via phone at (781) 799-7299 or email at Agrace1184@aol.com.

The MA National Guard has been and *continues to be a key player* in the war on terrorism both at home and abroad. The NGAMA leads the way in addressing vital soldier, airmen, and organization requirements associated with future operations and missions. We thank you in advance for your participation and look forward to having you on the team as a proud supporter of the NGAMA.

Sincerely,

*James Hoye*

Major James Hoye

President

*Augie Grace*

Mr. Augie Grace

NGAMA Executive Director
