

## **Retiring or Separating ?**

If you are retiring or separating from the Massachusetts National Guard for any reason we hope you realize that there will be a great change in your Life Insurance coverage. The \$400,000 SGLI coverage will cease in 120 days after separation from military service. One option every military member has is to take out VGLI at a much greater premium. Another option for a Massachusetts National Guard member is to apply for a policy with the SSLI program, sponsored by The National Guard Association of Massachusetts, Inc. (NGAMA). NGAMA offers five different policies that give one a wide range of choices. Elsewhere in this Newsletter they are explained in detail. Should you have any questions call the NGAMA Insurance Office at 1-800-633-8333. This option is available within 120 days of your leaving the Guard. Do not miss out on the opportunity!
